

# Section: 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

#### 1.1 Product identifier

| Product name                    | : | COSA CIP 72                  |
|---------------------------------|---|------------------------------|
| UFI                             | : | K9WT-W0J6-H90J-5D1R          |
| Product code                    | : | 115920E                      |
| Use of the<br>Substance/Mixture | : | Cleaning product             |
| Substance type:                 | : | Mixture                      |
|                                 |   | For professional users only. |
| Product dilution information    | : | 3.0 %                        |

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

| Identified uses                 | : | Industrial automatic application<br>Industrial manual foam additive |
|---------------------------------|---|---|
| Recommended restrictions on use | : | Reserved for industrial and professional use.                       |

#### 1.3 Details of the supplier of the safety data sheet

| Company | : Ecolab Deutschland GmbH<br>Ecolab-Allee 1   |
|---------|---|
|         | 40789 Monheim am Rhein, Germany +49 (0)2173 599 0<br>OfficeService.DEDUS@ecolab.com |

#### **1.4 Emergency telephone number**

| Emergency telephone | : | +32-(0)3-575-5555 Trans-european, German speaking, 24/7 |
|---------------------|---|---|
| number              |   | or +49 32 212249407 German speaking, 24/7               |

| Poison Information Centre | : | +49 (0)551 38318854 |
|---------------------------|---|---------------------|
| telephone number          |   |                     |

| Date of Compilation/Revision | : | 13.03.2023 |
|------------------------------|---|------------|
| Version                      | : | 2.4        |

## Section: 2. HAZARDS IDENTIFICATION

## 2.1 Classification of the substance or mixture

## Classification (REGULATION (EC) No 1272/2008)

## Product AS SOLD

| Corrosive to metals, Category 1<br>Skin corrosion, Category 1<br>Serious eye damage, Category |  | H290<br>H314<br>H318  |
|---|--|---|
| Product AT USE DILUTION   |  |   |
| Not a hazardous substance or n  | nixture.   |   |
| 2.2 Label elements  |  |   |
| Labelling (REGULATION (EC<br>Product AS SOLD<br>Hazard pictograms                             | ) No 1272/2008)  |   |
| Signal Word   | : Danger   |   |
| Hazard Statements   | : H290<br>H314   | May be corrosive to metals.<br>Causes severe skin burns and eye damage.   |
| Precautionary Statements  | <ul> <li>Prevention:<br/>P280</li> <li>Response:<br/>P303 + P361 + P3</li> <li>P305 + P351 + P3</li> </ul> | all contaminated clothing. Rinse skin with water<br>or shower.<br>338 IF IN EYES: Rinse cautiously with water<br>for several minutes. Remove contact lenses, if |
|   | P310   | present and easy to do. Continue rinsing.<br>Immediately call a POISON CENTER/doctor.   |

Hazardous components which must be listed on the label: formic acid

### Product AT USE DILUTION

Not a hazardous substance or mixture.

## Additional Labelling:

Product AS SOLD Special labelling of certain : Not applicable. mixtures

### Product AT USE DILUTION

Special labelling of certain : Safety data sheet available on request. mixtures

## 2.3 Other hazards

#### Product AS SOLD

Do not mix with bleach or other chlorinated products - will cause chlorine gas.

#### Product AT USE DILUTION

Do not mix with bleach or other chlorinated products - will cause chlorine gas.

## Section: 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### 3.2 Mixtures

#### Product AS SOLD Hazardous components

## Section: 4. FIRST AID MEASURES

## 4.1 Description of first aid measures

| Product AS SOLD<br>In case of eye contact | : Rinse immediately with plenty of water, also under the eyelids, for<br>at least 15 minutes. Remove contact lenses, if present and easy<br>to do. Continue rinsing. Get medical attention immediately. |
|---|---|
| In case of skin contact                   | : Wash off immediately with plenty of water for at least 15 minutes.<br>Wash clothing before reuse. Thoroughly clean shoes before<br>reuse. Get medical attention immediately.                          |
| If swallowed                              | : Rinse mouth with water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical  |

attention immediately.

| If inhaled : Remove to fresh air. Treat symptomatically. Ge if symptoms occur. |
|--|
|--|

| Product AT USE DILUTION<br>In case of eye contact | I : Rinse with plenty of water.                         |
|---|---|
| In case of skin contact                           | : Rinse with plenty of water.                           |
| If swallowed                                      | : Rinse mouth. Get medical attention if symptoms occur. |
| If inhaled  | : Get medical attention if symptoms occur.              |

### 4.2 Most important symptoms and effects, both acute and delayed

See Section 11 for more detailed information on health effects and symptoms.

#### 4.3 Indication of immediate medical attention and special treatment needed

: Treat symptomatically.

## Section: 5. FIREFIGHTING MEASURES

## Product AS SOLD

#### 5.1 Extinguishing media

| Suitable extinguishing media   | : | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
|--------------------------------|---|---|
| Unsuitable extinguishing media | : | None known.   |

### 5.2 Special hazards arising from the substance or mixture

| Specific hazards during firefighting          | : | Not flammable or combustible.   |
|---|---|---|
| Hazardous combustion products                 | : | Depending on combustion properties, decomposition products<br>may include following materials:<br>Carbon oxides   |
| 5.3 Advice for firefighters                   |   |   |
| Special protective equipment for firefighters | : | Use personal protective equipment.  |
| Further information                           | : | Fire residues and contaminated fire extinguishing water must be<br>disposed of in accordance with local regulations. In the event of<br>fire and/or explosion do not breathe fumes. |

### Section: 6. ACCIDENTAL RELEASE MEASURES

#### 6.1 Personal precautions, protective equipment and emergency procedures

### Product AS SOLD

Advice for non-emergency : Ensure adequate ventilation. Keep people away from and upwind

## SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006

| COSA CIP 72   |   |  |
|---|---|--|
| personnel   | of spill/leak. Avoid inhalation, ingestion and contact with skin and<br>eyes. When workers are facing concentrations above the<br>exposure limit they must use appropriate certified respirators.<br>Ensure clean-up is conducted by trained personnel only. Refer to<br>protective measures listed in sections 7 and 8.  |  |
| Advice for emergency responders   | : If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.  |  |
| <b>Product AT USE DILUTION</b><br>Advice for non-emergency<br>personnel<br>Advice for emergency<br>responders | <ul> <li>Refer to protective measures listed in sections 7 and 8.</li> <li>If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.</li> </ul>  |  |
| 6.2 Environmental precautions   |   |  |
| <b>Product AS SOLD</b><br>Environmental precautions   | : Do not allow contact with soil, surface or ground water.  |  |
| <b>Product AT USE DILUTION</b><br>Environmental precautions   | : No special environmental precautions required.  |  |
| 6.3 Methods and materials for containment and cleaning up   |   |  |
| <b>Product AS SOLD</b><br>Methods for cleaning up   | : Stop leak if safe to do so. Contain spillage, and then collect with<br>non-combustible absorbent material, (e.g. sand, earth,<br>diatomaceous earth, vermiculite) and place in container for<br>disposal according to local / national regulations (see section 13).<br>Flush away traces with water. For large spills, dike spilled material<br>or otherwise contain material to ensure runoff does not reach a<br>waterway. |  |
| Product AT USE DILUTION<br>Methods for cleaning up  | : Stop leak if safe to do so. | 6.4 Reference to other sections   |   |  |

See Section 1 for emergency contact information. For personal protection see section 8. See Section 13 for additional waste treatment information.

## Section: 7. HANDLING AND STORAGE

## 7.1 Precautions for safe handling

## Product AS SOLD

Advice on safe handling

: Do not ingest. Do not get in eyes, on skin, or on clothing. Use only with adequate ventilation. Wash hands thoroughly after handling. Do not breathe spray, vapour. Do not mix with bleach or other

| COSA CIP 72             |  |
|-------------------------|--|
|                         | chlorinated products – will cause chlorine gas. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).   |
| Hygiene measures        | : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use. Wash face, hands and any exposed skin thoroughly after handling. Provide suitable facilities for quick drenching or flushing of the eyes and body in case of contact or splash hazard. |
| Product AT USE DILUTION |  |
| Advice on safe handling | : Do not mix with bleach or other chlorinated products – will cause chlorine gas.  |
| Hygiene measures        | : Wash hands before breaks and immediately after handling the product.   |
|                         |  |

## 7.2 Conditions for safe storage, including any incompatibilities

|     | <b>Product AS SOLD</b><br>Requirements for storage<br>areas and containers         | : | Keep away from strong bases. Absorb spillage to prevent material damage. Keep out of reach of children. Keep container tightly closed. Keep only in original packaging. Store in suitable labeled containers. |
|-----|--|---|---|
|     | Storage temperature  | : | 0 °C to 40 °C   |
|     | Packaging material   | : | Suitable material: Plastic material   |
|     |  |   | Unsuitable material: Mild steel, Aluminium  |
|     | <b>Product AT USE DILUTION</b><br>Requirements for storage<br>areas and containers | : | Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.   |
| 7.3 | Specific end uses  |   |   |
|     | Product AS SOLD<br>Specific use(s)   | : | Industrial automatic application  |

Industrial manual foam additive

## Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### **Environmental exposure controls**

General advice

: Consider the provision of containment around storage vessels.

## Section: 9. PHYSICAL AND CHEMICAL PROPERTIES

#### 9.1 Information on basic physical and chemical properties

|  |   | Product AS SOLD                                      | Product AT USE DILUTION |
|--|---|--|-------------------------|
| Physical state   | : | liquid   | liquid                  |
| Colour   | : | colourless   | colourless              |
| Odour  | : | slight   | slight                  |
| рН   | : | 0.8 - 1.2, 100 %                                     | 2.2                     |
| Particle characteristics                               |   |  |                         |
| Assessment   | : | not applicable                                       | not applicable          |
| Particle size  | : | not applicable                                       | not applicable          |
| Particle Size Distribution                             | : | not applicable                                       | not applicable          |
| Dustiness  | : | not applicable                                       | not applicable          |
| Specific surface area                                  | : | not applicable                                       | not applicable          |
| Surface charge/Zeta potential                          | : | not applicable                                       | not applicable          |
| Shape  | : | not applicable                                       | not applicable          |
| Crystallinity  | : | not applicable                                       | not applicable          |
| Surface treatment<br>/Coatings                         | : | not applicable                                       | not applicable          |
| Flash point  | : | Not applicable.                                      |                         |
| Odour Threshold  | : | Not applicable and/or not determi                    | ined for the mixture    |
| Melting point/freezing point                           | : | Not applicable and/or not determi                    | ined for the mixture    |
| Boiling point, initial boiling point and boiling range | : | 100 °C   |                         |
| Evaporation rate                                       | : | Not applicable and/or not determine                  | ined for the mixture    |
| Flammability   | : | Not applicable and/or not determined for the mixture |                         |
| Upper explosion limit                                  | : | Not applicable and/or not determined for the mixture |                         |
| Lower explosion limit                                  | : | Not applicable and/or not determined for the mixture |                         |
| Vapour pressure  | : | Not applicable and/or not determined for the mixture |                         |
| Relative vapour density                                | : | Not applicable and/or not determine                  | ined for the mixture    |
|  |   |  |                         |

| Density and / or relative density                      | : 1.19 - 1.23  |
|--|--|
| Water solubility                                       | : soluble  |
| Solubility in other solvents                           | : Not applicable and/or not determined for the mixture     |
| Partition coefficient: n-<br>octanol/water (log value) | : Not applicable and/or not determined for the mixture     |
| Auto-ignition temperature                              | : Not applicable and/or not determined for the mixture     |
| Thermal decomposition                                  | : Not applicable and/or not determined for the mixture     |
| Viscosity, kinematic                                   | : 4.140 mm2/s (40 °C)                                      |
|  |  |
| Explosive properties                                   | : Not applicable and/or not determined for the mixture     |
| Oxidizing properties                                   | : The substance or mixture is not classified as oxidizing. |

### 9.2 Other information

Not applicable and/or not determined for the mixture

### Section: 10. STABILITY AND REACTIVITY

#### Product AS SOLD 10.1 Reactivity

No dangerous reaction known under conditions of normal use.

### 10.2 Chemical stability

Stable under normal conditions.

### 10.3 Possibility of hazardous reactions

Do not mix with bleach or other chlorinated products - will cause chlorine gas.

### 10.4 Conditions to avoid

None known.

#### 10.5 Incompatible materials

Bases

Mild steel Aluminium

#### **10.6 Hazardous decomposition products**

Depending on combustion properties, decomposition products may include following materials: Carbon oxides

## Section: 11. TOXICOLOGICAL INFORMATION

### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Product AS SOLD

Information on likely routes of : Inhalation, Eye contact, Skin contact exposure

### Product

| Acute oral toxicity               | : There is no data available for this product.                |
|-----------------------------------|---|
| Acute inhalation toxicity         | : There is no data available for this product.                |
| Acute dermal toxicity             | : There is no data available for this product.                |
| Skin corrosion/irritation         | : There is no data available for this product.                |
| Serious eye damage/eye irritation | : There is no data available for this product.                |
| Respiratory or skin sensitization | : There is no data available for this product.                |
| Carcinogenicity                   | : There is no data available for this product.                |
| Reproductive effects              | : There is no data available for this product.                |
| Germ cell mutagenicity            | : There is no data available for this product.                |
| Teratogenicity                    | : There is no data available for this product.                |
| STOT - single exposure            | : There is no data available for this product.                |
| STOT - repeated exposure          | : There is no data available for this product.                |
| Aspiration toxicity               | : There is no data available for this product.                |
| Components                        |   |
| Acute oral toxicity               | : citric acid, monohydrate LD50 rat: 11,700 mg/kg             |
| Components                        |   |
| Acute dermal toxicity             | : citric acid, monohydrate LD50 rat: > 2,000 mg/kg            |
| Potential Health Effects          |   |
| Product AS SOLD<br>Eyes           | : Causes serious eye damage.                                  |
| Skin                              | : Causes severe skin burns.                                   |
| Ingestion                         | : Causes digestive tract burns.                               |
| Inhalation                        | : May cause nose, throat, and lung irritation.                |
| Chronic Exposure                  | : Health injuries are not known or expected under normal use. |
| Product AT USE DILUTION<br>Eyes   | : Health injuries are not known or expected under normal use. |
| Skin                              | : Health injuries are not known or expected under normal use. |

| OSA CIP 72  |   |
|---|---|
| Ingestion   | : Health injuries are not known or expected under normal use. |
| Inhalation  | : Health injuries are not known or expected under normal use. |
| Chronic Exposure                                    | : Health injuries are not known or expected under normal use. |

## 12.2 Persistence and degradability

### Product

no data available

## Components

Biodegradability

: citric acid, monohydrate Result: Readily biodegradable.

formic acid Result: Readily biodegradable.

### 12.3 Bioaccumulative potential

no data available

#### 12.4 Mobility in soil

no data available

### 12.5 Results of PBT and vPvB assessment

#### Product

Assessment

: This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

#### 12.6 Endocrine disrupting properties

The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher

#### 12.7 Other adverse effects

no data available

#### Section: 13. DISPOSAL CONSIDERATIONS

Dispose of in accordance with the European Directives on waste and hazardous waste.Waste codes should be assigned by the user, preferably in discussion with the waste disposal authorities.

### 13.1 Waste treatment methods

| Product AS SOLD<br>Product        | : Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of contents/container in accordance with local regulations Dispose of wastes in an approved waste disposal facility.           |
|-----------------------------------|--|
| Contaminated packaging            | : Dispose of as unused product. Empty containers should be taken<br>to an approved waste handling site for recycling or disposal. Do<br>not re-use empty containers. Dispose of in accordance with local,<br>state, and federal regulations. |
| Guidance for Waste Code selection | : Organic wastes containing dangerous substances. If this product is used in any further processes, the final user must redefine and assign the most appropriate European Waste Catalogue Code. It   |

|                                    | is the responsibility of the waste generator to determine the<br>toxicity and physical properties of the material generated to<br>determine the proper waste identification and disposal methods in<br>compliance with applicable European (EU Directive 2008/98/EC)<br>and local regulations. |
|------------------------------------|--|
| Product AT USE DILUTION<br>Product | Diluted product can be flushed to sanitary sewer if regulations  |
|                                    | permit.  |
| Contaminated packaging :           | Dispose of in accordance with local, state, and federal regulations.   |

## Section: 14. TRANSPORT INFORMATION

#### Product AS SOLD

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

## Land transport (ADR/ADN/RID)

| Land transport (ADR/ADN/RID) |   |   |
|------------------------------|---|---|

14.7 Maritime transport in : Not applicable. bulk according to IMO instruments

#### Section: 15. REGULATORY INFORMATION

# 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Seveso III: Directive : Not applicable. 2012/18/EU of the European Parliament and of the Council on the control of majoraccident hazards involving dangerous substances.

Candidate List of Substances : Not applicable. of Very High Concern for Authorisation

#### **National Regulations**

#### Take note of Dir 94/33/EC on the protection of young people at work.

| Hazard class for water | : WGK 1<br>Classification according to AwSV, A | nnex 1 |
|------------------------|--|--------|
|                        |  |        |

German storage class : 8B

#### **15.2 Chemical Safety Assessment**

No Chemical Safety Assessment has been carried out on the product. Section: 16. OTHER INFORMATION

#### Procedure used to derive the classification according to REGULATION (EC) No 1272/2008

| Classification              | Justification                       |
|-----------------------------|-------------------------------------|
| Corrosive to metals 1, H290 | Based on product data or assessment |
| Skin corrosion 1, H314      | Based on product data or assessment |
| Serious eye damage 1, H318  | Based on product data or assessment |

#### Full text of H-Statements

| H314 | Causes severe skin burns and eye damage. |
|------|--|
| H319 | Causes serious eye irritation.           |

#### Full text of other abbreviations

ADN - European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways; ADR - European Agreement concerning the International Carriage of Dangerous Goods by Road; AIIC - Australian Inventory of Industrial Chemicals; ASTM - American Society for the Testing of Materials; bw - Body weight; CLP - Classification Labelling Packaging Regulation; Regulation (EC) No 1272/2008; CMR - Carcinogen, Mutagen or Reproductive Toxicant; DIN - Standard of the German Institute for Standardisation; DSL - Domestic Substances List (Canada); ECHA - European Chemicals Agency; EC-Number - European Community number; ECx - Concentration associated with x% response; ELx - Loading rate associated with x% response; EmS - Emergency Schedule; ENCS - Existing and New Chemical Substances (Japan); ErCx - Concentration associated with x% growth rate response; GHS - Globally Harmonized System; GLP - Good Laboratory Practice; IARC - International Agency for Research on Cancer; IATA -

International Air Transport Association; IBC - International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk; IC50 - Half maximal inhibitory concentration; ICAO - International Civil Aviation Organization; IECSC - Inventory of Existing Chemical Substances in China; IMDG - International Maritime Dangerous Goods; IMO - International Maritime Organization; ISHL - Industrial Safety and Health Law (Japan); ISO -International Organisation for Standardization; KECI - Korea Existing Chemicals Inventory; LC50 -Lethal Concentration to 50 % of a test population; LD50 - Lethal Dose to 50% of a test population (Median Lethal Dose); MARPOL - International Convention for the Prevention of Pollution from Ships; n.o.s. - Not Otherwise Specified; NO(A)EC - No Observed (Adverse) Effect Concentration; NO(A)EL - No Observed (Adverse) Effect Level; NOELR - No Observable Effect Loading Rate; NZIOC - New Zealand Inventory of Chemicals; OECD - Organization for Economic Co-operation and Development; OPPTS - Office of Chemical Safety and Pollution Prevention; PBT - Persistent, Bioaccumulative and Toxic substance; PICCS - Philippines Inventory of Chemicals and Chemical Substances; (Q)SAR - (Quantitative) Structure Activity Relationship; REACH - Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals; RID - Regulations concerning the International Carriage of Dangerous Goods by Rail; SADT - Self-Accelerating Decomposition Temperature; SDS - Safety Data Sheet; SVHC - Substance of Very High Concern; TCSI - Taiwan Chemical Substance Inventory; TECI - Thailand Existing Chemicals Inventory; TRGS - Technical Rule for Hazardous Substances; TSCA - Toxic Substances Control Act (United States); UN -United Nations; vPvB - Very Persistent and Very Bioaccumulative

Prepared by

: Regulatory Affairs

Numbers quoted in the MSDS are given in the format: 1,000,000 = 1 million and 1,000 = 1 thousand. 0.1 = 1 tenth and 0.001 = 1 thousandth

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

### Annex: Exposure Scenarios

## Exposure Scenario: Industrial automatic application

| Life Cycle Stage  | : | Use at industrial sites |  |  |  |
|---|---|-------------------------|--|--|--|
| Sector of use   | : | SU9                     | Manufacture of fine chemicals  |  |  |
| Contributing scenario controlling environmental exposure for: |   |                         |  |  |  |
| Environmental release category                                | : | ERC4                    | Industrial use of processing aids in processes and products, not becoming part of articles |  |  |
| Daily amount per site   | : | 50 kg                   |  |  |  |
| Type of Sewage Treatment<br>Plant                             | : | Municipal s             | ewage treatment plant  |  |  |

## Contributing scenario controlling worker exposure for:

| Process category                                       | :   | PROC8a                           | Transfer of substance or preparation (charging/<br>discharging) from/ to vessels/ large containers at non-<br>dedicated facilities |  |  |  |  |
|--|---|----------------------------------|--|--|--|--|--|
| Exposure duration                                      | :   | 60 min                           |  |  |  |  |  |
| Operational conditions and risk management measures    | :   | Indoor                           |  |  |  |  |  |
|  |   | Local Exhau                      | ust Ventilation is not required  |  |  |  |  |
| General ventilation                                    |   | Ventilation r                    | rate per hour 1  |  |  |  |  |
| Skin Protection  | :   | see section                      | 8  |  |  |  |  |
| Respiratory Protection                                 | :   | see section                      | 8  |  |  |  |  |
| Contributing scenario contro                           | ollir   | ng worker ex                     | xposure for:   |  |  |  |  |
| Process category                                       | :   | PROC3                            | Use in closed batch process (synthesis or formulation)   |  |  |  |  |
| Exposure duration                                      | :   | 480 min                          |  |  |  |  |  |
| Operational conditions and risk management measures    | :   | Indoor                           |  |  |  |  |  |
|  |   | Local Exhau                      | Local Exhaust Ventilation is not required  |  |  |  |  |
| General ventilation                                    |   | Ventilation rate per hour 1      |  |  |  |  |  |
| Skin Protection  | :   | see section                      | 8  |  |  |  |  |
| Respiratory Protection                                 | :   | see section 8                    |  |  |  |  |  |
| Exposure Scenario: Industrial manual foam additive     |   |                                  |  |  |  |  |  |
| Life Cycle Stage                                       | :   | Use at indu                      | strial sites   |  |  |  |  |
| Sector of use  | :   | SU9                              | Manufacture of fine chemicals  |  |  |  |  |
